Forecast for Friday 03 Nov 2023

Weather: It will be a largely dry day for most with some bright spells. However, a chance of light rain across Lochaber at times, perhaps briefly extending to Argyll around midday. More widespread rain for a time early evening, but mainly dry overnight.

Chance of cloud-free hill tops above 800m: 40% northeast, 60% southwest.

Low Cloud and visibility: Poor visibility at times across eastern Lochaber where cloud is likely to be frequent above 500-700m. Mostly good visibility elsewhere with only patchy cloud lowering to 800-900m at times, but turning more persistent for a couple of hours early evening.
